10'8" BG

Overall Bottom Length: 10' 9 ¹/₂" (328.93 cm)

Tip-to-tip Deck Length: 10' 8 ¹/₄" (325.76 cm)

Maximum Width: 25 ⁹/₁₆" (64.93 cm)

Maximum Thickness: 4 ⁹/₁₆" (11.59 cm)

Displacement: 5.63 ft³ (159.3 L)

Introduced: November 2013

Rockers: Natural

Shaper's Comments: The 10'8 BG was designed and built by Eric Arakawa and Pat Rawson using a combined effort. "The original plan was to build a combo Big Guy/Gun blank (ala "BG") that could be offset-cut narrower for performance Guns, but have a built-in, wider stock width suitable for many different options. The 93A was used as a conceptual starting point, and the bottom and deck contours are fairly flat in the stringer area to enable ordering an offset cut to net a narrower version (23.5" to 24") without the normal peak at the stringer that more contoured blanks can produce when narrowing by 2" - 3". The rocker is universal and the natural rocker should offer many design opportunities, due to the ample thickness in the nose and tail areas."
